PROJECTS

Job Management System | [Live](#)

December 2024 – February 2025

- Built a job management system with distinct roles for users and recruiters.
- Users can apply for jobs and track applications; recruiters can post and manage jobs with full CRUD functionality. Recruiter dashboard enables oversight and control of platform activities and user management.

E-commerce Headphone | [Live](#)

July 2024 – October 2024

- Designed and developed a responsive eCommerce headphone website frontend using HTML, CSS, and JavaScript with modern UI elements.

Weather Application | [Live](#)

January 2023 – April 2023

- Built a responsive weather app using React and Tailwind CSS with a clean, user-friendly interface that works smoothly on all devices.
- Integrated a weather API through a custom Node.js backend to show real-time data and forecasts, with optimized performance using smart state management and caching.

WORK EXPERIENCE

Asst. Software Developer | Digital Hill Valley, Motijheel, Dhaka

June 2023 – April 2025

- Built dynamic web applications with MERN stack, creating smooth user interfaces and robust server-side functionality.
- Designed efficient APIs and database structures alongside senior team members, ensuring secure and scalable solutions.
- Contributed to agile workflow while enhancing application performance and resolving technical issues to deliver high-quality results.

EDUCATION

Faridpur Engineering College (Affiliated with the University of Dhaka)

Faridpur Sadar, Faridpur

Bachelor of Computer Science and Engineering

March 2018 – April 2022

CERTIFICATES

Full Stack Web Development with MERN (OSTAD) | [CERTIFICATE](#)

March 2024 – December 2024

- Completed a comprehensive Full Stack Web Development course focused on the MERN stack, gaining hands-on experience through real-world projects and assignments across both frontend and backend development.

JavaScript Basic Certificate (HackerRank) | [CERTIFICATE](#)

11th March

- Earned a **JavaScript (Basic) Certificate** from **HackerRank** by successfully completing a skill assessment, demonstrating proficiency in core JavaScript concepts such as variables, functions, loops, and conditionals.
